FOR IMMEDIATE RELEASE

PRESS RELEASE

CAPE SYSTEMS APPOINTS NEW REPRESENTATIVE IN SINGAPORE

South Plainfield, New Jersey (March 5, 2007) – CAPE Systems Group, Inc., (OTCBB:CYSG), a provider of software technology for packaging design, RFID asset tracking, pallet optimization, inventory and warehouse management, and order fulfillment, announced today that it has appointed a new international representative, iPower Pte. Ltd., to offer its full range of logistics and packaging solutions within Singapore and surrounding areas.

Pragash Sivanathan, Founder and Managing Director of iPower Pte. Ltd. said, "Our vision is to enable clients to enhance their competitiveness, create new sources of economic value and drive revenue growth. We realize this by using existing and emerging, innovative implementations. We use the latest tools and best practices and feel the software programs developed by CAPE Systems are essential to fulfilling our vision."

Heidi Larsen, Vice President Software Sales for CAPE Systems said, "We are extremely pleased to announce the appointment of iPower Pte. Ltd. This is a classic scenario where a customer was so pleased with the software that they now wish to include it among their own product offerings to their client base. We believe that iPower's experience with supply chain solutions and their strength in technology and implementation across Asia will be an major asset for both parties and for our expanding customer base."

About iPower Pte. Ltd.

iPower was founded in 2001 and provides Consulting & IT services. Consulting services include; deriving new business positioning (models, channels & markets) and customer value, system and application architecture, assisting clients in designing and building architecture for the way IT should be used to meet their current and future business needs using scalable platforms and methodologies. iPower offers IT management to help optimize the operational effectiveness of the IT function, balancing cost management with the effective delivery of IT services.
