

PRESS RELEASE

FOR IMMEDIATE RELEASE

ECO ACTIV SOFTWARE AND CAPE SYSTEMS ANNOUNCE NEW PRODUCT COLLABORATION

South Plainfield, New Jersey (November 21, 2006) – CAPE Systems Group, Inc. (OTCBB:CYSG), a leading provider of software technology for packaging design, pallet optimization, and supply chain execution and order fulfilment, and **Eco Activ Software**, a leading provider of corrugated and carton design software in France, today jointly announced that pursuant to a new arrangement they can now provide a standard interface of **CAPE PACK™**, CAPE's pallet optimization software, with **Eco Activ Software's** latest release of its **PICADOR™ CAD** software for packaging design. This integration allows a process of eco-design by optimizing packaging design from **PICADOR™** with the computation of optimal case consolidation, pallet patterns and transport loading arrangements provided by **CAPE**. The rapidly emerging needs of both the European and international packaging manufacturers will be a particular focus.

Gilles Pauli, CEO of **Eco Activ Software** stated, "We have known **CAPE Systems** for many years and share many common customers in Europe. We believe that a more automated interface between **CAPE Pack's™** palletization functions, and **PICADOR™** will be welcomed by our mutual customers, and can only serve to enhance the inherent functionality of both our products."

Peter Ayling, **CAPE's** head of International Marketing, stated, "Like **Eco Activ Software**, we are convinced that our integrated suite of **CAPE's** pallet optimization software connected to **Eco Activ Software's PICADOR™** range of CAD software will result in a powerful set of tools for our combined customers, particularly those in the global packaging industry."

About PICADOR™ and ECO ACTIV SOFTWARE

PICADOR is CAD software for packaging, produced by **Eco Activ Software**, the French software company, specializing in packaging design. **PICADOR™** has been in existence since 1982 and has currently more than 300 customers in France and abroad. For more information about **Eco Activ** visit www.ecoactiv.fr
