

CAPE to Exhibit at Walmart Sustainable Packaging Expo

Dallas, TX (April 1, 2011) – CAPE Systems Group, Inc., a leading provider of software technology & consulting services for packaging design, pallet optimization, truck loading, and supply chain optimization, and tools for enhancing sustainability initiatives, today announced that it has been invited from a select group of vendors, to Attend and Exhibit at the Walmart and Sam’s Club 6th Annual Sustainable Packaging Expo, to be held April 12th & 13th in Rogers, Arkansas.

The Expo is an opportunity to show Walmart and Sam’s Club merchants how the CAPE products can help these companies achieve their Sustainability Goals. Along with the Expo, CAPE has been invited to attend the Packaging Sustainable Value Network meeting, and the Sam’s Club Packaging Summit. The SVN agenda is very robust and covers some of the latest activity in the Sustainable Packaging Industry as well as progress from the Walmart Sustainable Packaging Scorecard. The main focus of the Summit is to share packaging information as it relates to doing business with Sam’s Club.
